## **DETAILED ACTION**

## Allowable Subject Matter

Claim 1 - allowed.

Regarding Claims 95 and 125, the primary reason for allowance is the inclusion of the limitation wherein the start and end rotational phases are offset by an inter-segment rotational skew angle that is greater than the intra-segment rotational skew angle.

Regarding Claims 115, 135, 145, 150, 155 and 160, the primary reason for allowance is the inclusion of the limitation wherein the start and end rotational phases are offset by an intersegment rotational skew angle that is greater than the intra-segment rotational skew angle, and the inter-segment rotational skew angle  $360 - \alpha(N-1)$  degrees where  $\alpha$  is the intra-segment rotational skew angle and N is the number of tracks.

Regarding Claims 165 and 166, the primary reason for allowance is the inclusion of the limitation wherein the rotational phase R from he end of a data segment to the start of any other data segment is  $R = 360 - \alpha(N-1)$  degrees where  $\alpha$  is the skew angle between tracks within a data segment and N is the number of tracks in a data segment.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Glenda P. Rodriguez whose telephone number is (571) 272-7561. The examiner can normally be reached on Monday thru Thursday: 7:00-5:00; alternate Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wayne Young can be reached on (571) 272-7582. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
